PROJECTS

Cosmo Plants – Organic Plants & Trees E-commerce site

Cosmo Plants is a well-structured, single-page organic plant shop website built with clean HTML. It serves as a modern landing page for an eco-friendly brand — blending nature-inspired visuals with simple navigation and product promotion.

Budget Buddy

The *Budget Buddy* project is a personal finance tracking web app that helps users manage income, expenses, and savings efficiently through visual summaries and categorized transactions. Developed using React with TypeScript for a scalable, component-based frontend, styled with Tailwind CSS, and integrated with Lovable.dev for deployment and backend handling.
